## WELCOME

### Pavilion debuts, design spotlight and a new home in the City of Gold

Welcome to Jewellery, Gem & Technology in Dubai (JGTD)! On behalf of Informa Markets Jewellery and our JGTD co-organiser, the Italian Exhibition Group SpA (IEG), I wish to express my profound gratitude to each and every one of you for being a part of this unique B2B product sourcing, networking and business-building experience in Dubai, the City of Gold.

Our third edition comes with a host of positive changes and fresh offerings: A new home for JGTD, inaugural pavilions from Asia and North America and an enriched content programme that brings together the who's who in the Middle East's jewellery design space. Our relocation to the state-of-the-art Dubai Exhibition Centre (DEC) in Expo City marks a pivotal milestone, reaffirming JGTD's role as a hub for discovering innovations, exchanging ideas and nurturing important business relationships.

JGTD is likewise proud to introduce new pavilions led by China, Singapore, Sri Lanka, Thailand and the USA, alongside returning buyer favourites Hong Kong, India (powered by the Gem & Jewellery Export Promotion Council – GJEPC), Italy and Türkiye.

Additionally, we are unveiling two new theme zones: The Dubai City of Gold Pavilion, curated by our Industry Partner, the Dubai Jewellery Group (DJG), and Dubai Jewel Narratives by DBGGJD (Dubai Business Group for Gold & Jewellery Designers). These additions enrich the primary show floor areas dedicated to Finished/Semi-Finished Jewellery, Loose Diamonds & Coloured Gemstones, Packaging, Jewellery Technology and Lab-Grown Diamonds.

Further to facilitating buyer-seller connections, JGTD is hosting the UAE-ITALY Golden Bridge Awards, DBGGJD's Ebdaa International Award 2024 and a Designers Forum showcasing some of the region's jewellery artists and design experts.

And let's not forget that the show is taking place concurrently with Dubai Diamond Week. Organised by our Official Partner, DMCC (Dubai Multi Commodities Centre), the week centres on the seventh edition of the Dubai Diamond Conference on 11 November and the Kimberley Process Plenary Session from 12 to 15 November.

Indeed, JGTD has positioned itself as a key influencer in shaping B2B sourcing within the jewellery, gemstone and associated sectors spanning the Middle East, Europe, CIS countries, Africa and beyond.

I encourage you to maximise your show participation by leveraging the wholesale buying opportunities, networking platforms and trend-focused content, which are distinct to JGTD.

Once again, thank you for your support and participation. May your visit not only unlock new opportunities and foster fruitful partnerships but also create unforgettable moments that linger far beyond this edition!

President & CEO, Informa Markets – Asia

## A “precious” Hub for Cultural and Business Connections

We have reached the third edition of JGTD, a project in which we continue to invest, fully aware of the importance of the event and increasingly convinced that Dubai represents a truly unique hub for cultural and business connections worldwide. It is a hub where IEG, with its ever-growing focus on internationalisation, has been present for some time.

JGTD, by its very nature, is an event that finds all the right ingredients here to be successful: an international event designed to connect global exhibitors with commercial buyers from the major jewellery markets, particularly those in the Gulf countries, Africa, and Western Asia.

This year as well, we are more than satisfied with the wide variety of the exhibitor offerings that we will showcase at JGTD. The range of offerings is impressive both in terms of the extensive merchandise on display (primarily gems, diamonds, technologies, as well as jewellery) and the countries represented. JGTD, in fact, stands out as one of the international shows with the highest diversity of producing and exporting countries.

And that's not all. This year, JGTD is even richer in content, as during the event, we will present Trendvision Jewellery + Forecasting on the world of jewellery, a prominent and authoritative international observatory (and one of the cornerstones of Vicenzaoro, the leading international event in the sector organised by IEG), which will thoroughly analyse jewellery trends at a time when markets are particularly complex.

To conclude, I would like to extend a heartfelt thanks to our colleagues at Informa for the continuous work we have done together to foster the growth of this event. A special thanks also goes to our entire Dubai team and, first and foremost, to Director Mohamad Mehieddine.

Wishing everyone a successful fair.

# Empowering the Future of the Jewellery and Gems Industry for Collective Success

I am delighted to welcome you to the 2024 edition of Jewellery, Gems & Technology in Dubai.

Since its launch in 2022, JGTD has experienced rapid growth and success, becoming one of the signature events in the global gem and jewellery calendar and a major regional B2B sourcing opportunity.

At this critical time for the industry, platforms like JGTD are essential as we continue to drive solutions to current challenges and leverage opportunities within the market. The 2024 edition of JGTD, which will be a core component of our dedicated Diamond Week alongside the Dubai Diamond Conference and Kimberley Process Plenary, will bring the world's precious stones and jewellery industry together for three days of high-level networking and business connections.

Dubai is one of the world's leading hubs for business and innovation, and the jewellery and gems trade is integral to this standing. In the past few years, we have seen record growth of diamonds traded through the Dubai Diamond Exchange (DDE), a trend which continued in the first half of 2024 with the UAE's volumes for rough and polished diamonds rising 12% year-on-year to reach nearly 120 million carats. All the while, we continue to make significant strides in the coloured gemstones space, with the DDE hosting several milestone tenders for emeralds, rubies and sapphires from markets as diverse as Brazil, Colombia, Mozambique and Zambia.

We take pride in our role driving forward this growth, which is rooted in a clear vision and a commitment to innovation, sustainability and the development of a comprehensive ecosystem that supports ease of doing business and delivers added value for our members.

The opening of DMCC's latest industry ecosystem, the DMCC AI Centre, in September will be a catalyst for pioneering the latest technological innovations and Artificial Intelligence solutions for the benefit of our community of almost 25,000 companies. For precious stones and jewellery, we can expect further enhancements such as automated sorting, grading and manufacturing, technology to enhance provenance and traceability, and personalised designs, while at the same time addressing challenges such as the trade of counterfeit goods.

With Dubai firmly setting the direction of travel for the global gem and jewellery sector, it is events like JGTD and the Dubai Diamond Conference that allow us to take stock on progress and lay the groundwork for the future of the sector and our collective success. From partners and valued guests, I would like to thank you all for your continued support and collaboration and wish you a highly successful and productive JGTD 2024.

**Ahmed Bin Sulayem**

Executive Chairman and Chief Executive Officer, DMCC

# DUBAI, THE CITY OF GOLD & JEWELLERY DESTINATION OF THE WORLD

Since 1996, Dubai Jewellery Group, the largest trade body for the Jewellery industry in Dubai, has been building consumer confidence, promoting the interest of the industry and cementing the image of Dubai as the premier Jewellery destination of the world.

## DUBAI

### the City of Gold and Jewellery Destination of the World!

The gold and jewellery industry in Dubai is gearing up for JGTD 2024, at the exciting new venue with high expectations following two successful editions.

We are navigating through some intriguing times, particularly with the volatility of gold prices and shifts in the diamond market. Events like JGTD play a crucial role in providing guidance and insights during these times. They serve as a valuable platform for industry professionals to connect, share experiences, and gain perspectives that can help shape strategies moving forward. Engaging with peers at such events fosters collaboration and innovation, essential for thriving in this dynamic landscape.

This year, the local jewellery sector is stepping up significantly, with key manufacturers from the UAE participating under the Dubai Pavilion. The Group is committed to facilitating connections between local wholesalers and buyers, fostering strong relationships in the process. We're thrilled about this collaboration and believe that JGTD is solidifying its reputation as a premier event in the Middle East. Best wishes for a successful show!
